WORK WONDERS
You dream, that's why you create, build, do.

Vito Cruz station is more than a train stop.

You couldn't tell what dreams may come.

People are flitting, fleeting.
It's never the same cast of characters.

Whoever greets you at the gates begins the story.

You have access to different beginnings and endings.

But the story is always about you.
However, there are innumerable yous...
People give you directions.

Optimism is the faith that leads to achievement.

To a great mind, nothing is little.

All you need is love.

What would life be if we had no courage to attempt anything?

Keep looking until you find it. Don’t settle.

But really there are no maps.

So you find your way...

...while dancing...

...with songs in your head...
...through celebrations...

Sometimes you must set out on sidequests...

...as other stories are told.
...or fight dragons.

But there is only one theme.
In a place like this, you can tell who's on your side...

My guarding ability is directly proportional to my cuteness.

...and who's always got your back.

I will continue, O my God, to do all my actions for the love of You.
There are many ways to move a story along...

...as you imagine what's going on inside other heroes' heads.

There is a light and it never goes out.
Still, you'll do it your own way.

What people probably think I'm doing

What I'm really doing
This particular guest ends here.

But there will be other missions.

It's time to work wonders.
