Teaching and Learning Strategy, Assessment	<p>DLS-CSB espouses a learner-centered philosophy in teaching its students, and with inclusion at its core recognizes the multilingual-multicultural background of its learners. A balance of theory and practice is achieved through lecture courses combined with laboratory courses/sessions and application sites such as working with Deaf-led organizations, organizations working with the deaf and organizations working for the Deaf, and training industries related to the tracks of specialization.</p> <p>Academic courses are supplemented with extra- and co-curricular activities under the Lasallian Mission and Student Life, with SDEAS' Center for Deaf Esteem and Formation providing interaction opportunities with its Deaf student volunteers. SDEAS Center for Partnership and Development will also support students with their internship and possible employment opportunities with industry partners. Various assessment strategies are used such as class discussion, written and signed examinations, return demonstration, journal submission, reflective essay,</p>
